DuPont Sustainable Solutions
LEARNING & DEVELOPMENT

Microlearning

Make a big impact on your safety program with our library of 40 new microlearning courses. Each course is built in HTML5 for mobile delivery, includes a quiz, and is designed to take five minutes or less to complete.

Make learning stick with compelling courses featuring full-screen video.

Learn Anytime, Anywhere

DuPont™ eLearning Suite

Our new course design features video rich content which can be accessed on computers, tablets and smartphones.

INTERACTIVE COURSEWARE

Engage Employees with Compelling Content

- More than 1400 SCORM 1.2 compliant courses in safety, maintenance and reliability, and human resources
- 20+ languages available
- Branding options to increase relevance
- User-enabled course modifications — add, edit or delete audio, video, graphics, and training points to make content site specific
- New HTML5 course design which enables access from a computer, tablet or smartphone
- Average course length - 30 minutes

LEARNING MANAGEMENT SYSTEM

Deliver, Manage and Track Learning

- Role-based access
- Multi-language interface
- Powerful reporting
- Self-registration and scheduling of online and classroom training
- Third-party course hosting

AUTHORING TOOL

Create Your Own Custom Online Courses

- Use a wide variety of storyboard templates
- Include self-checks and post-tests to assess employee competency
- Intuitive interface for rapid development

Experience & Reliability

As a Fortune 100 company, we bring our customers stability, resources and innovation leading to sustainable solutions and long-term relationships.

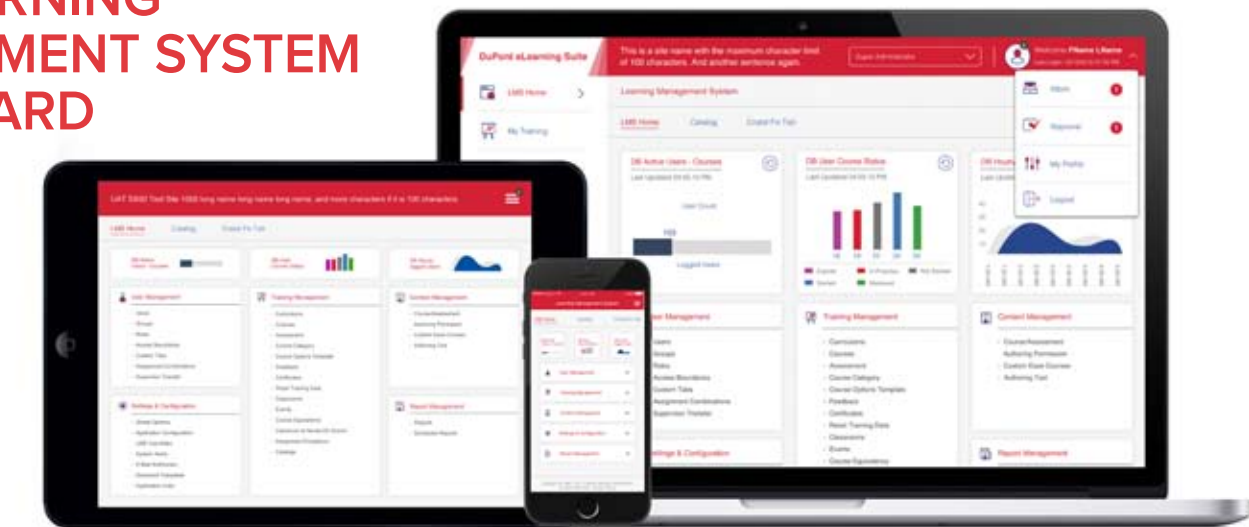

- More than 30 years of workplace training innovation
- Backed by DuPont's 200 years of real-world experience
- Courseware incorporates sound instructional design to facilitate the transfer of knowledge
- Content is reviewed by subject matter experts to help ensure compliance with health, safety, environmental, ethical and operational standards

Professional Services

Ensure a successful deployment with training, implementation support and technical assistance that meet the unique needs of your organization.

- Implementation support including customization and integration with internal and third-party systems
- Custom content creation available
- Training can be conducted on site, via smartphone and online – within the environment that best suits your needs
- Marketing support to drive enrollment in your e-learning initiative

NEW LEARNING MANAGEMENT SYSTEM DASHBOARD

The new LMS interface provides accessibility from tablets and smartphones.

Manage users, curriculums and components as your learning needs evolve.

Suite includes the Learning Management System (LMS), Interactive Courseware, Authoring Tool, and Assessment Builder.

- Standardizes training with measurable results
- Available on demand
- Engaging **COASTAL** content
- Scalable applications with versatile implementation options
- Outstanding professional services

Choose from 1400+ Courses
